We are proud to present the Lokar Top 25 from the 2016 Danchuk Tri-Five Nationals. This group represents some of the finest cars and trucks at the event. We have

in the past discussed how the “picks” are done, and we will continue to fine tune the process. Realizing there is always room for improvement, it is our quest to make the Lokar TOP 25, Eddie Motorsports TOP 5, and ultimately the American Tri-Five Association Tri-Five of the Year (or the “Fin” as it has been named) the top honors that a Tri-Five can achieve. For too long other organizations have overlooked our Tri-Fives because they didn't fit into the Street Rod or Muscle Car groups, but now we have the Nationals which is all about the classic Chevys. We get calls all the time from people who are building cars and trucks specifically to be recognized as one of the few awarded with the bragging rights of being selected as one of the top Tri-Fives in the country.
